SUPPLEMENTAL ADS & REQUEST FOR CORRECTED FILING RECEIPT

Dear Sir or Madam:

In the above-referenced patent application, enclosed please find a Supplemental Application Data Sheet (ADS) changing the Filing Date (or 371(c) date) of the U.S. parent application from August 7, 2003 to **May 16, 2005**, in order to make the date consistent with the date included in the "CROSS REFERENCE TO RELATED APPLICATIONS" section of the specification and with the date in the USPTO records.

In the original ADS, the Applicant inadvertently provided the International Filing Date of the parent PCT application (PCT/JP03/10122) of August 7, 2003, rather than the U.S. National Phase Entry date (371(c) date) of May 16, 2005.

Per our recent telephone discussion with the USPTO's Inventor's Assistance Center, we are submitting this Supplemental ADS addressed to the above-indicated Mail Stop, to modify/correct the Filing Date data in the Domestic Priority information for the present application.

Also, we respectfully request the issuance of a corrected Filing Receipt, with the (*) notation removed, as shown on the attached copy.

If you have any questions or need any further information relating to this matter, please give me a call at the below-referenced telephone number. Thank you for your assistance.

Respectfully submitted,

By:
